There were 3,418 non-traffic cases filed in the Tenth Judicial District during fiscal year 2014. There were 3,094 non-traffic cases disposed during the fiscal year. The Tenth Judicial District also reported 5,594 filings and 5,383 dispositions for traffic and parking cases.

The standard measure of court performance is the clearance rate, which is calculated by dividing the number of dispositions by the number of filings and multiplying by 100. Courts aspire to dispose of at least as many cases as have been filed and achieve a clearance rate of 100 percent or higher. The clearance rate for non-traffic cases in the Tenth Judicial District was 91 percent. The clearance rate for traffic cases was 96 percent.

The five-year trends for total non-traffic filings and dispositions in the Tenth Judicial District's courts are shown in the chart below.
